

How to Get the Project ID from IBM Cloud

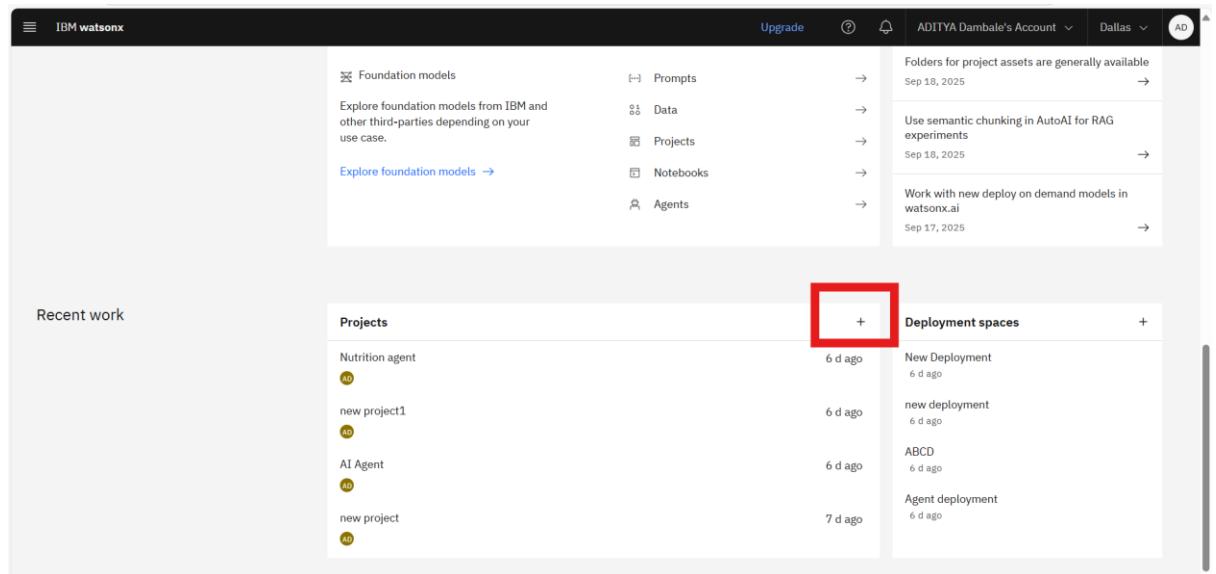

- 1) Login to IBM Cloud and create the Watsonx Service by searching it in the Search box

- 2) Select Watsonx.AI

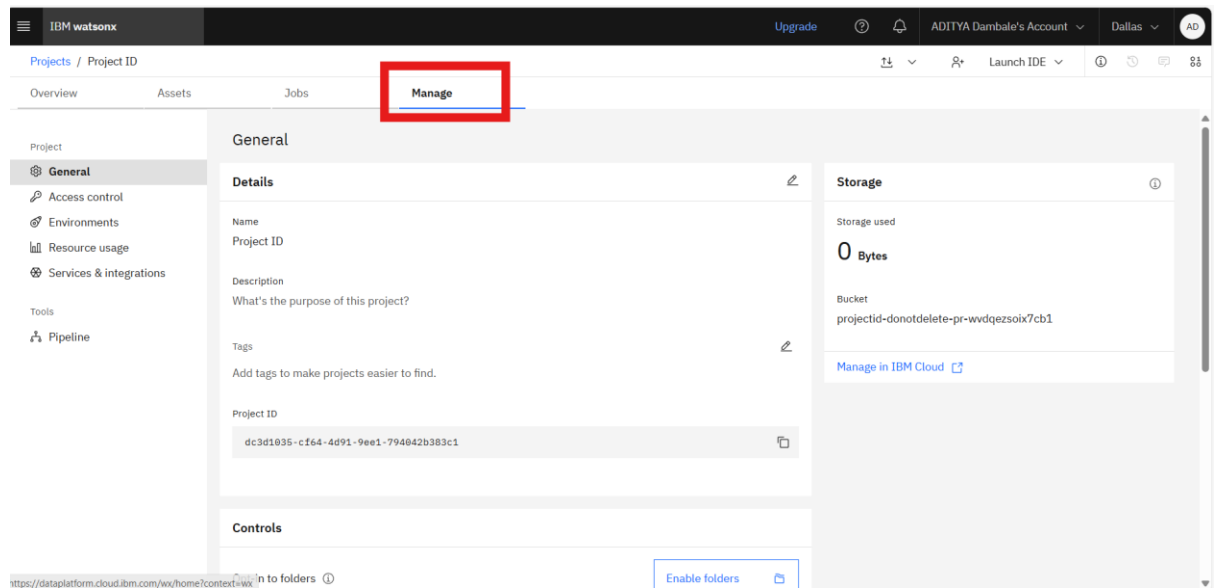

3) Click on IBM Watsonx heading and scroll down and click on create new project

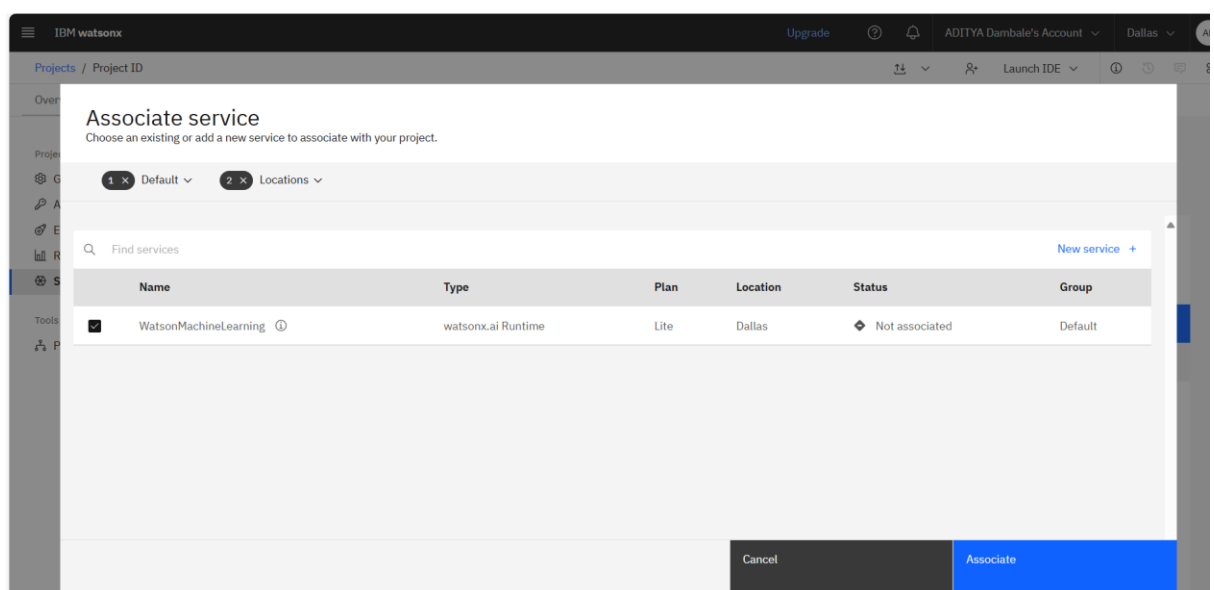

4) Fill the details and click on create

The screenshot shows the 'Create a project' form in IBM Watsonx. The form is titled 'Create a project' and has a subtitle 'Start with a new, blank project or select from where to import an existing project.' On the left side of the form, there's a sidebar with options: '+ New', 'Local file', and 'Sample'. The main form area contains several input fields: 'Name' (with 'Project ID' entered), 'Description (optional)' (with 'What's the purpose of this project?' entered), 'Tags (optional)' (with 'Add tags' entered), and 'Storage' (with 'CloudObjectStorage' entered). Below the 'Storage' field, there's a note: 'Project includes integration with Cloud Object Storage for storing project assets.' At the bottom right of the form, there are two buttons: 'Cancel' and 'Create'. The 'Create' button is highlighted with a red box.

5) Click on Manage

6) Click on Service and Integration and associate the Machine learning Service

7) Again click on general and copy the project id

The screenshot shows the IBM watsonx interface for managing a Project ID. The top navigation bar includes 'IBM watsonx', 'Upgrade', a help icon, a notification bell, the user account 'ADITYA Dambale's Account', the location 'Dallas', and a profile icon. The main navigation bar has tabs for 'Overview', 'Assets', 'Deployments', 'Jobs', and 'Manage'. The 'Manage' tab is active, and the 'Project ID' page is displayed. On the left, a sidebar lists 'Project' (General, Access control, Environments, Resource usage, Services & integrations) and 'Tools' (Pipeline). The main content area is titled 'General' and contains a 'Details' section with fields for Name, Project ID, Description, and Tags. The Project ID field is highlighted with a red box, showing the value 'dc3d1835-cf64-4d91-9ee1-794842b383c1'. To the right of the details is a 'Storage' section showing 'Storage used' as '0 Bytes' and the 'Bucket' as 'projectid-donotdelete-pr-wvdqezsoix7cb1'. A 'Manage in IBM Cloud' link is also present.

Details	Storage
Name Project ID	Storage used 0 Bytes
Description What's the purpose of this project?	Bucket projectid-donotdelete-pr-wvdqezsoix7cb1
Tags Add tags to make projects easier to find.	Manage in IBM Cloud
Project ID dc3d1835-cf64-4d91-9ee1-794842b383c1
